

Post Conference Report

ICSAPCI-2025 contributed to following SDGs

Foreword

Dear Participants,

We are delighted to share the key highlights and impactful outcomes of the **1st International Conference on Sustainable Agriculture Practices and Climate Change Impacts (ICSAPCI - 2025)** which was held on **08–09 May 2025** in **Manila, Philippines**.

Centred around the theme "**Innovative Approaches to Mitigate Climate Change Through Sustainable Agriculture**" the conference brought together a dynamic community of global experts, researchers and professionals. It served as a vital platform for exchanging ideas, exploring innovative practices and fostering collaboration aimed at addressing the pressing challenges of climate change through sustainable agricultural solutions.

The event saw an impressive level of participation, with over 20 delegates attending in person and more than 35 individuals joining through the live stream. This hybrid format allowed us to reach a wider academic and research audience, encouraging vibrant discussions and fostering valuable collaborations across disciplines.

The **1st ICSAPCI - 2025** served as a dynamic platform for scholars, educators and researchers across various disciplines to share cutting-edge insights and ideas. The conference showcases the latest, comprehensive and globally significant advancements in the fields of Sustainable Agriculture, Climate change and Environmental Management. It was a hub for exchanging ideas, advancing multidisciplinary collaboration and promoting critical and creative thinking in key academic and professional fields.

We extend our deepest gratitude to the universities, research institutes, and academic professionals whose efforts made this conference a resounding success. Special thanks go to the esteemed professors and external reviewers for their dedication to a thorough review process, offering invaluable feedback to authors and elevating the quality of submissions. Our heartfelt appreciation also goes to the authors for presenting their groundbreaking research and enriching the conference experience. We look forward to continuing this journey of knowledge exchange and innovation in the years to come.

Dr. Geethalakshmi R
MD & Founder, CERADA.

1. Conference Summary

1st ICSAPCI - 2025

08th - 09th May, 2025

Manila, Philippines

Conference Name: 1st International Conference on Sustainable Agriculture Practices and Climate Change Impacts (ICSAPCI - 2025)

Theme: "Innovative Approaches to Mitigate Climate Change through Sustainable Agriculture"

Date: 08 – 09 May, 2025

Venue: Acacia Hotel Manila, Philippines

Organized by: Nueva Ecija University of Science and Technology (NEUST), Philippines, Keladi Shivappa Nayaka University of Agricultural and Horticultural Sciences (KSNUAHS), India and Confworld Educational Research and Development Association (CERADA)

No. of Organizing Committee Members: 40

No. of Editors/Reviewers: 10

No. of Speakers: 15

No. of Abstracts Received: 75

No. of Participants Registered:30

No. of Attendees: 55

1.1 Conference Overview

The “**1st International Conference on Sustainable Agriculture Practices and Climate Change Impacts (ICSAPCI-2025)**” serves as a premier global platform for academic scientists, researchers and scholars to exchange ideas and share groundbreaking insights. This interdisciplinary event highlights innovations in sustainable agricultural practices, climate resilience, renewable energy, eco-friendly materials and cutting-edge methodologies.

At the **1st ICSAPCI-2025** which was held on 08-09 May,2025 in **Acacia Hotel Manila, Philippines** participants from various professional, academics and educational backgrounds came together to foster collaboration, networks and contribute to achieving the Sustainable Development Goals. This inaugural conference was a vibrant space where innovative ideas met transformative research, encouraging meaningful dialogue across disciplines.

The conference eminent diversity in thought and perspective, offered attendees the chance to delve into advanced research methodologies, technological advancements and educational innovations. It became a bridge between academia, industry and society, fostering interdisciplinary partnerships and sparking transformative conversations.

ICSAPCI-2025 exemplified its commitment to shaping the future of global education by creating a dynamic environment where thought leaders could inspire and drive positive change. Participation was not merely attendance but an active engagement in promoting academic excellence and fostering a culture of innovation and collaboration worldwide.

Our mission is to nurture creativity and facilitate intersections between diverse disciplines, ensuring an enriching and impactful experience for all participants. With a focus on knowledge exchange, interdisciplinary learning and global partnerships, **ICSAPCI-2025** left an enduring legacy in education, research and innovation.

1.2 Conference Theme

The **ICSAPCI-2025** Conference embraced the theme, “**Innovative Approaches to Mitigate Climate Change Through Sustainable Agriculture.**” This theme underscored the critical role of interdisciplinary strategies in tackling global challenges, showcasing the latest advancements, addressing persistent issues and exploring future possibilities across various fields.

This Conference on Sustainable Agriculture and Climate Resilience served as a dynamic platform for exchanging ideas and innovations across a diverse array of focus areas, including: Sustainable Crop Production, Soil Health and Management, Water Management in Agriculture, Agroecology and Biodiversity, Precision and Climate-Smart Agriculture, Sustainable Livestock Systems, Agro-industrial Waste Management, Education and Community Outreach, Sustainable Fisheries and Aquaculture, Urban and Peri-Urban

Agriculture, Agri-business Innovations and Future Fertilizer Technologies, Livestock-Based Sustainable Food Systems, Food Security and National Resilience, Climate Change Impacts and Natural Disasters, Adaptation and Mitigation Strategies, Disaster Risk Reduction and Management, Technological Innovations in Agriculture, Nutrition-Sensitive Approaches to Climate Change.

The theme reflects the conference's core mission of promoting innovation and cross-disciplinary collaboration in the realms of Sustainable Agriculture and Climate Change. It invites participants to explore pioneering solutions that support sustainable industry development, address critical global challenges, and expand the frontiers of knowledge. By embracing a multidisciplinary approach, the conference emphasizes the interconnected nature of agriculture, environment, technology and society paving the way for integrated and impactful strategies for a resilient future.

1.3 Objectives & Scope of the Conference

The primary objective of the 1st International Conference on Sustainable Agriculture Practices & Climate Change Impacts (ICSAPCI-2025) is to create a dynamic platform that unites academics, researchers, industry experts, and students to delve into transformative innovations and evolving trends in sustainable agriculture and climate resilience.

Key Objectives of ICSAPCI-2025

- **Advancing Sustainable Practices:** Encourage in-depth discussions on environmentally responsible agricultural methods that prioritize resource efficiency and ecological balance.
- **Building Climate Resilience:** Examine practical strategies to strengthen agricultural systems against climate-related risks, including extreme weather, changing rainfall patterns, and resource limitations.
- **Shaping Policy and Governance:** Provide a forum for exploring effective policy instruments, institutional frameworks, and funding mechanisms that promote sustainable farming and climate adaptation.
- **Embracing Technological Innovation:** Showcase the role of emerging technologies, precision farming, and data-driven solutions in enhancing agricultural productivity and environmental stewardship.
- **Empowering Communities:** Highlight the critical involvement of local communities and stakeholders in driving and sustaining grassroots agricultural practices.
- **Fostering Global Partnerships:** Promote international collaboration for sharing expertise, research insights, and scalable solutions to support sustainable food systems globally.

2. Guest of Honour, Keynote Speakers, Session Speakers, Session Chairs

Guest of Honour

Dr. Geethalakshmi R

MD & Founder,
Confworld Educational Research and
Development Association (CERADA)

Dr. Marilyn Morales Obod

Research Director,
Former Dean of the MAED Program of the
Graduate School, World Citi Colleges, Philippines.

Keynote Speakers

Dr. B. M. Dushyantha Kumar
Director of Research,
KSNUAHS, India.

Dr. Rhodora R. Jugo
President,
Nueva Ecija University of Science
and Technology, Philippines.

Dr. Aris Ignacio
Dean, College of Computing,
Engineering and Communication
Media, Southville International
School and Colleges, Philippines.

Engr. Ludwig O. Federigan
Founder & Chief Strategic Advisor, Young
Environmental Forum (Philippines),
Director, Climate Tracker Asia Inc.

Prof. Alain Ndedi
Director - Cameroon Human Resources,
Vice chancellor - Prime Light University, Atlanta,
Georgia, USA.

Session Speakers

Dr. Vilma B. Ramos
Program Chair, Graduate School
Public Administration,
Head, Regional Center for
Indigenous Peoples Education,
Nueva Ecija University of Science
and Technology, Philippines.

Dr. Kumar Naik, A. H
Assistant Professor of Agronomy,
KSNUAHS, Shivamogga, India.

Dr. Marcos Erram Bollido
Associate Professor V,
College of Agriculture, Forestry and
Environmental Sciences, Western
Philippines University,
Philippines.

Ms. Nayab Raza
Founder and CEO,
ALGAEVERSE, UK.

Dr. Shahrul Nadzir
Associate Professor,
Universiti Kebangsaan Malaysia (The
National University of Malaysia),
Malaysia.

Dr. Roger Y. Ibanez Jr
Assistant Professor III,
Dr. Emilio B. Espinosa Sr. Memorial State
College of Agriculture and Technology
(DEBESMSSCAT)-Cawayan Campus,
Philippines.

Session Chairs

Dr. Olive Chester Cuya-Antonio

Associate Professor V,
College of Public Administration
and Disaster Management,
Nueva Ecija University of Science
and Technology, Philippines.

Dr. Pradeep S

Associate Director of Research,
KSNUAHS, Shivamogga, India.

Conference Chair

Dr. Parashuram Chandravanshi

Professor & Head, Division of Natural Resource Management,
College of Horticulture,
Hiriyur, KSNUAHS, Shivamogga, India.

3. Welcome & Introduction

A very warm and heartfelt welcome to each one of you to the **1st International Conference on Sustainable Agriculture Practices and Climate Change Impacts (ICSAPCI - 2025)** held at the beautiful Acacia Hotel Manila, Philippines. It is truly a moment of pride and privilege to inaugurate this significant gathering, organized by the **Confworld Educational Research and Development Association (CERADA)** in association with two distinguished academic institutions **Nueva Ecija University of Science and Technology (NEUST), Philippines** and the **Keladi Shivappa Nayaka University of Agricultural and Horticultural Sciences (KSNUAHS), India**.

The theme of **ICSAPCI-2025** is "**Innovative Approaches to Mitigate Climate Change through Sustainable Agriculture**". As scholars, scientists, educators, policy makers and advocates, we are united by a common purpose: to innovate, exchange ideas and take meaningful action toward building resilient agricultural systems and ensuring food security for future generations.

We are honored by your presence whether you're joining us in person or virtually from various institutions, organizations and countries. Your participation underscores the urgency and shared responsibility we all bear in addressing global food security, climate resilience and environmental stewardship. Your presence here is not only a testament to the importance of this topic but also a reflection of your unwavering commitment to driving sustainable development and environmental responsibility.

Over the next two days, we will engage in dynamic discussions, hear from visionary keynote speakers, and witness the presentation of pioneering research and case studies that bridge the gap between traditional agricultural wisdom and cutting-edge technology. Let this conference serve as a platform to spark collaboration, deepen understanding and inspire solutions that can be implemented across continents.

We are especially grateful to our academic partners **NEUST** and **KSNUAHS** for their active collaboration and support and we extend heartfelt thanks to our organizing committee, session chairs, speakers, presenters, delegates and volunteers who have worked tirelessly to make this event a reality.

Let this conference be more than an exchange of ideas—let it be the spark for collaborative efforts, interdisciplinary partnerships and long-term solutions that transcend boundaries. Through paper presentations, keynote speeches, panel discussions, and networking sessions, we hope to foster a spirit of innovation, inclusivity and global cooperation.

Together, let us envision and work toward a greener, more sustainable and climate-resilient world.

3.1 Special Guest of Honor Address - Dr. Geethalakshmi R

Dr. Geethalakshmi R
MD & Founder,
Confworld Educational Research and
Development Association (CERADA)

3.2 Special Guest of Honor Address – Dr. Marilyn Morales Obod

Dr. Marilyn Morales Obod
Research Director,
Former Dean of the MAED Program of the
Graduate School, World Citi Colleges, Philippines.

3.3 Welcome address

Dr. Rosemarie R. Casimiro
Dean, College of Public Administration
and Disaster Management,
Nueva Ecija University of Science and Technology,
Philippines.

Conference Chair Speech

Dr. Parashuram Chandravanshi

Professor & Head, Division of Natural Resource Management,
College of Horticulture,
Hiriyur, KSNUAHS, Shivamogga, India.

4. Keynote Speech

Dr. B. M. Dushyantha Kumar

Director of Research,
KSNUAHS, India.

Dr. Rhodora R. Jugo

President,
Nueva Ecija University of Science
and Technology, Philippines.

Dr. Aris Ignacio

6. Inaugural Programme

The inaugural session of the Intercontinental Conference on Sustainable Agriculture and Climate Change Impacts (ICSAPCI-2025), held in Manila, Philippines on 08th and 09th May 2025, served as a pivotal moment in setting the stage for the entire event. This opening ceremony offered an ideal platform to present the conference theme, outline its objectives, and introduce key stakeholders and dignitaries.

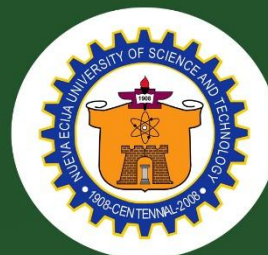

The program featured a series of impactful inaugural addresses, the official release of the conference proceedings, a memento presentation, and highlights of Institutional Membership Benefits. It was designed to warmly welcome participants, establish the intellectual and collaborative tone of the event, and honor the valuable contributions of individuals and organizations supporting the conference.

7. Conference Proceeding book release

The proceedings of the “1st International Conference on Sustainable Agriculture Practices and Climate Change Impacts (ICSAPCI-2025)” serve as a comprehensive collection of research papers and presentations delivered during the event. This publication captures the innovative ideas, discussions and advancements explored at the conference, providing valuable insights into current trends and future directions in Sustainable Crop Production, Soil Health and Management, Water Management in Agriculture, Agroecology and Biodiversity, Precision and Climate-Smart Agriculture, Sustainable Livestock Systems, Agro-industrial Waste Management, Education and Community Outreach, Sustainable Fisheries and Aquaculture, Urban and Peri-Urban Agriculture, Agri-business Innovations and Future Fertilizer Technologies, Livestock-Based Sustainable Food Systems, Food Security and National Resilience, Climate Change Impacts and Natural Disasters, Adaptation and Mitigation Strategies, Disaster Risk Reduction and Management, Technological Innovations in Agriculture, Nutrition-Sensitive Approaches to Climate Change.

On behalf of the organizing committee, the official release of these proceedings marks a significant milestone in documenting the meaningful contributions made by the participants of ICSAPCI-2025.

“1st International Conference on Sustainable Agriculture Practices and Climate Change Impacts (ICSAPCI - 2025)”

08th & 09th May, 2025

Acacia Hotel Manila, Philippines

Organized by

Keladi Shivappa Nayaka University of Agricultural and Horticultural Sciences (KSNUAHS), India,

Nueva Ecija University of Science and Technology (NEUST), Philippines and
Confworld Educational Research and Development Association (CERADA)

#CERADAsupportsSDGs

8. Memento Ceremony

9. Panel Discussion on “Sustainable Development Growth” by Dr. Rosemarie R. Casimiro, Dr. K.C. Shasidhar, Dr. Parashuram Chandravanshi, Mr. John Mark S. Borbon

10. Technical Presentation Sessions

10.1 Technical Presentation Session I

10.1.2 Speech by Session Speaker Dr. Vilma B. Ramos

10.1.2 Speech by Session Speaker Dr. Kumar Naik A. H.

10.1.3 Scientific Presentations – Totally 12 Scientific Presentations were presented in the Technical Session I

11. Technical Presentation Session II

11.1.2 Speech by Session Speaker Ms. Nayab Raza

11.1.2 Speech by Session Speaker Dr. Marcos Erram Bollido

11.1.3 Scientific Presentations – Totally 8 Scientific Presentations were presented in the Technical Session II

12. Technical Presentation Session III

12.1.4 Speech by Session Speaker Dr. Roger Y. Ibanez Jr

12.1.5 Speech by Session Speaker Dr. Shahrul Nadzir

Scientific Presentations - – Totally 9 Scientific Presentations were presented in the Technical Session II

13. Award Ceremony

Awards	Name	Title of the Paper
Best Paper	K.C. Shashidhar	Designer Solar panels for Agrivoltaics to optimize energy and food system
Best Paper Presentation	Vinaya Kumar H. M.	Farmers' awareness and willingness to adopt carbon farming
Best Paper	Manuel Elizabeth S	Adaptation strategies for selected flood prone barangays in Bongabon, Nueva Ecija
Best Paper Presentation	Srikanth C D	Climate change and its impact on beekeeping: challenges and adaptations
Best Innovation Research	Carlos Bryan G	Effectiveness of the eco-bricks project on the households

14. Valedictory Function

Conference - Conclusion Summary

The **1st International Conference on Sustainable Agriculture Practices and Climate Change Impacts (ICSAPCI-2025)**, held on 8–9 May 2025 in Manila, Philippines, brought together a dynamic assembly of experts, researchers, practitioners and sustainability advocates from across the globe. Centered around the theme *“Innovative Approaches to Mitigate Climate Change Through Sustainable Agriculture,”* the conference created a vibrant platform for interdisciplinary dialogue, knowledge exchange, and strategic collaboration aimed at advancing the Sustainable Development Goals (SDGs).

Key Highlights

The event opened with an inspiring keynote address by **Dr. Geethalakshmi R**, Managing Director and Founder of CERADA, who underscored the critical role of education, innovation and global collaboration in empowering researchers to make a sustainable impact. She highlighted the relevance of multidisciplinary conferences in strengthening academic engagement and discussed global academic benchmarking through QS University Rankings and Times Higher Education (THE) World University Rankings. The keynote sessions that followed showcased significant breakthroughs and emerging trends in sustainable agriculture and climate resilience, offering valuable insights into future directions.

Research Presentations

The conference featured over **29 research presentations**, spanning diverse themes across sustainable agriculture and climate change impacts. These sessions highlighted cutting-edge findings and sparked engaging discussions, offering a platform for researchers to share innovations and receive valuable feedback.

Networking Opportunities

ICSAPCI-2025 facilitated dynamic networking opportunities through both in-person and virtual sessions. These interactions enabled participants to build meaningful connections with fellow researchers, industry professionals, and potential collaborators. The sessions were highly appreciated for fostering interdisciplinary engagement and sparking new partnerships.

Key Achievements and Outcomes

- Several **collaborative projects and academic partnerships** were initiated, focusing on addressing global agricultural and climate challenges. These efforts will harness shared expertise and promote collective action.
- The **conference proceedings**, including abstracts of research papers and keynote addresses are scheduled for publication, ensuring broader dissemination of knowledge.
- Discussions on **future conferences** included suggestions for expanded thematic areas and interactive formats to further increase participation, innovation and impact.

Closing Remarks

During the closing session, **CERADA** extended heartfelt gratitude to all participants, academic partners and organizers. The success of the conference in meeting its goals was highlighted, with a strong emphasis on the ongoing importance of collaboration and innovation. Attendees departed with a sense of achievement and a renewed determination to push boundaries in their respective fields.

The conference concluded on an uplifting note, with participants feeling inspired and eager to apply the knowledge and insights gained to their future work. The event not only celebrated the accomplishments of the present but also laid the groundwork for future research and development, setting a clear vision for continued progress and collaboration.

15. Vote of Thanks

Dear Researchers, Academicians and Students,

As we conclude this impactful “**1st International Conference on Sustainable Agriculture Practices and Climate Change Impacts (ICSAPCI-2025)**”, it is with deep appreciation and gratitude that we extend a heartfelt vote of thanks on behalf of the organizing committee. This

conference has been a rich confluence of ideas, research and meaningful dialogue and its success is owed to the collective effort of many dedicated individuals and institutions.

First and foremost, our sincere thanks go to our distinguished speakers. Your insightful presentations and thought-provoking discussions have been central to the success of this event. You have inspired us to approach the pressing issues in sustainable agriculture and climate resilience with renewed curiosity and commitment.

A special note of appreciation is extended to our organizing committee and volunteers. Your behind-the-scenes coordination, meticulous planning and unwavering dedication have been the backbone of this conference. Your efforts have ensured that every detail was attended to, creating a seamless and enriching experience for all.

To all our participants, thank you for your active engagement, thoughtful questions and willingness to share your perspectives. Your enthusiasm and commitment to advancing knowledge have added immense value to the proceedings.

We also acknowledge the venue team and technical staff for their professionalism and hospitality, which provided us with a welcoming and conducive environment to exchange ideas and build new connections.

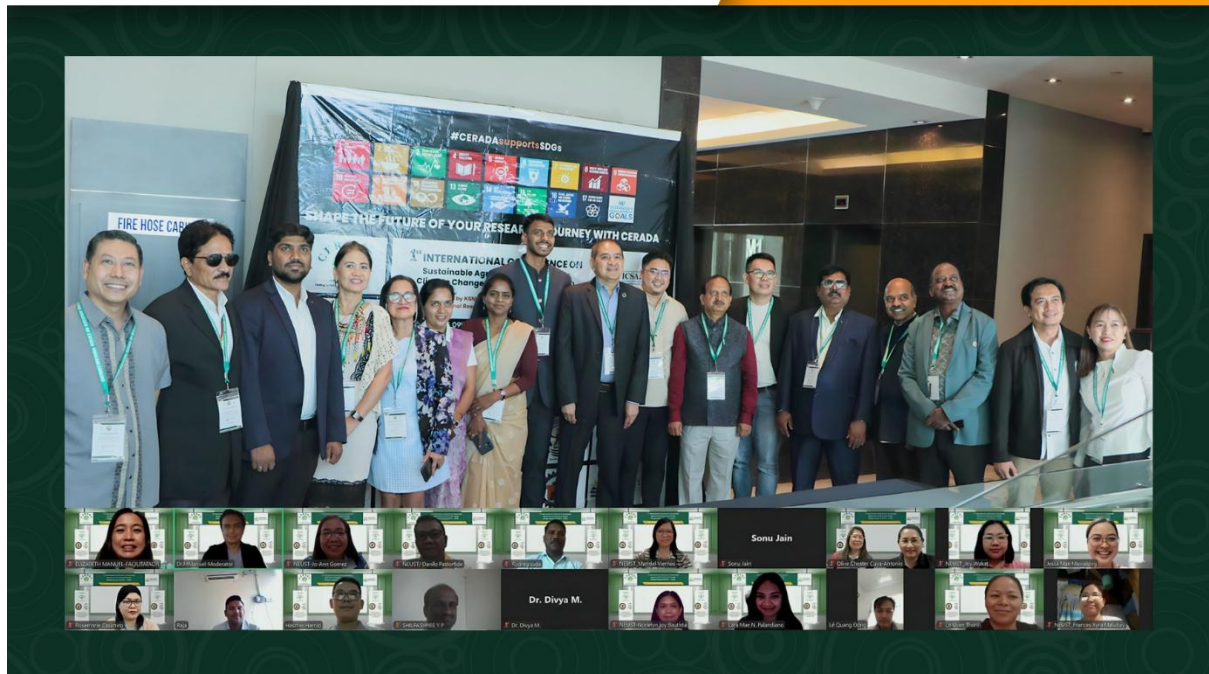

In closing, we express our deepest appreciation to everyone who contributed, in any capacity, to the success of this conference. Whether as a speaker, partner, participant or volunteer your support and collaboration have been persuasive. We look forward to continuing these conversations and building on this momentum in future conferences.

Thank you once again, and we wish you continued success in all your academic and professional endeavors.

17. General Comments & Feedbacks

Overall Comments from Participants

- The conference was organized and coordinated with remarkable efficiency and professionalism.
- Sessions delivered by the speakers were insightful and intellectually stimulating.
- It was truly an outstanding international conference, exceeding expectations in many aspects.
- The panel discussion was highly engaging, fostering active participation and idea exchange.
- Keynote addresses were impactful and delivered valuable perspectives worth reflecting upon.
- Any concerns or issues raised were handled promptly and thoughtfully by the organizing team.
